

YAWOSUP UPDATE

DECEMBER 2020

To our precious supporters, receive Calvary greetings from Kenya. As we advance towards the end of this year 2020, it is my pleasure to express our appreciation to you all for your generous contributions especially during the hard times of Covid 19. Despite the fact that you were most hard hit by this phenomenon, your love towards us did not fade. Though we were unable to support you in any way, our prayers for you have never ended. God has always remained faithful to answer our prayers. I am confident as I say this because God has surely protected our close friends and supporters in UK.

I am so happy to report that, amidst this mess of Corona, when many lost hope as most institutions remained closed, through your support, we have been able to provide relief food, e-learning gadgets[Radio, tablets, phones], farm input and many other things that kept our target groups safe, healthy and e-learning possible for our children.

Through your support, we also managed to contain our youths by creating programmes that engaged them in positive and economic activities as can be seen in the photos below. May God richly bless you and enable you to cross over to 2121.

As a person called to bring hope to the hopeless, I must confess that, though the year 2020 was a year of challenges, the challenges have moved us to a higher level as an organisation. We have greatly progressed in terms of infrastructure, communication among many others.

We are glad to inform our supporters that YAWOSUP activities can now be found in our umbrella organization [Apostolic Missions International] website at www.apostolicmissionsinternational.org under community development department.
