

## **YAWOSUP JUNE 2020 UPDATE**

To our sponsors, I am pleased to present this update report to you with the hope that the Lord has honoured your generous offering to us at this hard time and that He has still kept all of you safe. During this reporting quarter, we had planned the activities below:

1. Support for Widows' Micro-finance program
2. 3 Month's staff salary
3. YAWOSUP Farm
4. Administrative costs

### **ACTUAL ACTIVITIES CARRIED OUT**

1. Covid-19 Relief Support
2. YAWOSUP Farm
3. Staff Salaries

Due to the impact of Covid-19 which caused the closure of gatherings, we changed our original plan of supporting the widows micro-finance program to Covid-19 relief support. With additional funds from Barbara Academy and Kenya Hope Charity, we managed to support more than 300 needy people in the community. No other N.G.O or C.B.O has come up to do this since the Pandemic began. We are proud of you and always keep you in our prayers.

# Covid-19 Relief Support

## FARM INPUT

Even though the Covid-19 Pandemic brought a lot of confusion, as an organization, we still trusted God for a bumper harvest by making proper use of the God given resources. Through your support, we maximized our effort by planting in the Organization's leased farm and also supported the widows with farm inputs. Normally, many people can not afford to buy the certified fertilizer and seeds, hence end up working very hard but producing very low yield. The first picture shows maize and beans planted without fertilizer. Nothing good can be expected from this farm.

\_\_ No fertilizer used here.

Off loading of farm input and maize.

Beneficiaries of farm input

There is hope of good harvest if all goes well. We thank God for His provisions.

### **YAWOSUP STAFF SALARIES**

By the grace of God, YAWOSUP Staffs have continued to get their salaries amidst this pandemic. This has motivated them to work very hard to support those in need as they see their colleagues living in hardship due to the lack of salaries.

### **ADMINISTRATION COSTS**

With the availability of this vote head, things have run smoothly and this is why we are able to produce and share good reports with our partners.

### **FINANCIAL REPORT**

**AMOUNT RECEIVED-246,220**

### **EXPENDITURE**

1.YAWOSUP FARM-50,000

2.COVIC-19 RELIEF-120,000
